Six (6) externship credits is the maximum number that a student may apply toward the J.D. graduation requirements (exception being the full-semester externship). This number includes both credits earned in LAW 7900 (Outside Nashville Externship [1-6]) and 7905 (Nashville Externship [3]). LAW 7905 includes a classroom component.

VULS students are required to be in residence as a full-time student for six academic year semesters or the equivalent. Enrollment for ten credits constitutes full-time status. Credits earned during the summer term may not be used to accelerate graduation.
